1. The above Subject is one of the special RIP cases that is of interest to the Director of Security.

2. On 28 April 1978, Subject was contacted telephonically to ascertain whether he had received the Reinvestigation Supplemental Personal History Statement (PHS) Form 444e. Subject acknowledged that he had received it. Subject further stated that he has recently experienced open heart surgery and that he was working parttime. Subject admitted that the undersigned was "lucky to catch him" because he (Subject) was not supposed to be at work. Subject asserted very firmly that he understood the accompanying explanation letter that is usually sent with the PHS during the RIP process. Subject also stated that he would submit his PHS in two weeks or when he finished his business with officials in OMS. Subject immediately terminated the interview.

This is one of the 15 special interest cases which are supposed to be fully completed by 26 May 78. Mr. Joannides was apparently very brusque with Craig. If he does not complete and return his forms immediately, we will be hard pressed to meet the 26 May deadline.

I do not see anything else that can be done at this time but recommend that the status of this case be brought to the attention of DD/PSI
